Re: *Docket No. FWS-HQ-NWRS 2026-2641*

Dear Director Nesvik,

Today we are writing as Delta Waterfowl volunteer chapter leadership from all across the United States with a special connection to the United States Fish and Wildlife Service easement program.

We, along with our fellow members and duck hunters in our communities, are the ones who have purchased duck stamps for generations. Those purchases represent the promise that those duck stamps proceeds are used to conserve critical duck and goose habitat in National Wildlife Refuges and in easements that conserve wetlands and grasslands in the Prairie Pothole Region.

We understand the critical link that habitat in the prairies has on our duck seasons each fall and that conserving that habitat is essential for good duck seasons this year and for generations to come.

Recognizing this critical link between duck hunters and breeding duck habitat, we urge you to ensure that any actions taken do not result in the degradation or loss of habitat on wetland easements.

Thank you for all you do for ducks and duck hunters.

Sincerely,

Delta Waterfowl Chapter Volunteer Leadership
